QEYLA RAIQ ALVA

+6285862854633 | 2ndqeyla@gmail.com
Subang, Indonesia

Motivated Information Technology student with a strong foundation in Software Development and IoT. Demonstrated practical expertise during internship at Median Talenta Raya, successfully engineering Python-based attendance systems and Django web applications. Proven leader as the Head of Research and Technology Department, with a track record of managing teams and fostering technical innovation. passionate about leveraging technology to solve real-world problems.

Education Level

Subang State Polytechnic - **Subang, Indonesia** Aug 2023 - Aug 2027 (Expected)

Bachelor of Software Engineerin, 3.48/4.00

SMK Wikrama Bogor - **Bogor, Indonesia** Jul 2020 - Jul 2023

High School Diploma in Software Engineering, 83.00/100.00

Work Experiences

Median Talenta Raya Jul 2022 - Dec 2022

Fullstack Developer Intern

- IoT System Development: Designed a real-time attendance system by integrating Python with MQTT protocol, optimizing data transmission efficiency for live tracking.
- Web Application Engineering: Built a robust Pharmacy Management Web Application using the Django framework, streamlining backend processes and data management.
- Workflow Optimization: Proactively developed various automation tools and mini-projects, demonstrating strong technical adaptability and enhancing overall development workflows.

BPBD Kab. Subang & HeptaCode (Group Project) Jan 2025 - Present

Backend Developer

- Architecting and developing robust RESTful APIs to support the Disaster Reporting System mobile and web applications, facilitating seamless data exchange between the server and client-side.
- Designing and optimizing database schemas (MySQL/PostgreSQL) to efficiently store and retrieve critical disaster data, including geolocation coordinates and citizen reports.
- Implementing core server-side logic for real-time reporting features, ensuring accurate data validation, authentication, and secure role-based access control for BPBD officers.
- Collaborating with frontend developers to integrate endpoints and troubleshooting system bottlenecks to maintain high availability during emergency simulations.

Organisational Experience

HIMATIKOM (Student Association of Information and Computer Technology) Nov 2024 - Oct 2025

Head of Research and Technology Departement

- Leadership & Management: Directed a team of 7 staff members, delegating tasks effectively to execute strategic programs focused on software development and academic research.
- Strategic Planning: Spearheaded the department’s vision to foster a culture of innovation, overseeing the entire lifecycle of technology workshops and student research projects.
- Performance Evaluation: Monitored project timelines and conducted regular team evaluations to ensure the successful and timely delivery of all departmental initiatives.

HIMATIKOM (Student Association of Information and Computer Technology) Oct 2023 - Oct 2024

Staff of Research and Technology Department

- Platform Management: Managed and maintained "Ngestuck", a web-based discussion forum designed to facilitate peer-to-peer learning and technical troubleshooting for students.
- Technical Research: Assisted in researching emerging technologies to curate learning materials for student community events.
- Team Collaboration: Collaborated closely with department members to support ongoing projects and maintained documentation for departmental activities.

OSIS - MPR SMK Wikrama Kota Bogor Aug 2022 - Aug 2023

Head of English Communication Development Division

- Internal Development: Initiated and led the "Wendies" (Wednesday English) program, establishing a mandatory English-speaking zone every Wednesday within the OSIS room to foster a consistent language habit.

- Curriculum Design: Designed weekly micro-tasks and skill-building activities for the "Wendies" sessions, directly improving the practical English proficiency of all OSIS-MPR members.
- Program Management: Spearheaded the execution of school-wide initiatives like "English Day", overseeing the planning and coordination to ensure maximum student engagement.

OSIS - MPR SMK Wikrama Kota Bogor Sep 2021 - Apr 2022

Staff of English Communication Development Division

- Program Execution: Co-facilitated the "Wendies" routine, monitoring compliance with the English-only policy and assisting members in completing their weekly language tasks.
- Event Support: Actively contributed to the logistics and coordination of the "English Day" program, ensuring smooth operations and a supportive environment for students to practice English.
- Peer Engagement: Encouraged fellow student council members to actively participate in English communication activities, serving as a role model for consistent language usage.

Sakura Science High School Program - **Tokyo, Japan** Oct 2022 - Sep 2022

Indonesian Delegate

- National Representative: Selected to represent Indonesia and the Vocational High School (SMK) sector in a fully funded science exchange program by the Japan Science and Technology Agency (JST).
- Scientific Immersion: Participated in exclusive study visits to world-class research centers, including JAXA, KEK, and Tokyo University, to study advanced aerospace and physics technologies.
- Academic & Cultural Exchange: Attended a special lecture by Nobel Laureate Kobayashi Makoto and engaged in cross-cultural dialogues with Japanese students at Omiya Kita High School.

Skills, Achievements & Other Experience

- **Publication** (2025): Ricetection: Implementasi Arsitektur Vision Transformer untuk Klasifikasi Varietas Beras dengan Presisi Tinggi
- **Certification** (2025): Junior Web Programmer from LSP TIK
- **Achievements** (2025): 1st Place at the Pilmapres JTIK
- **Achievements** (2024): 3rd Place at the Video Essay Presentation FIP English Expo
- **Achievements** (2025): 3rd Place in the News Achor Category CIFIC
- **Achievements** (2025): 4th Place at the Pilmapres POLSUB
- **Achievements** (2024): Finalist (Top 5) at the Speech Category Spectaseed
- **Achievements** (2023): Test of English for International Communication (TOEIC) – score: 830 / 990
- **Hard Skills**: Laravel, PHP, React Native
- **Soft Skills**: Communication, Teamwork, Leadership
